1 This matter is currently scheduled for a Sentencing Hearing before the Court on Tuesday,
 2 April 13, 2010.

3 This matter was previously continued by the Court at the request of the parties in order to
 4 occur after the resolution of the charges against Defendant Cowden's co-defendant, Virginia
 5 Roberson, and then continued again so that information regarding Defendant Cowden's
 6 psychological evaluation could be presented to the Assistant U.S. Attorney.

7 Defendant Cowden seeks an additional continuance as a result of a recent development
 8 related to the drug evidence in this case. This case involves the seizure of drugs by the San
 9 Francisco Police Department and the subsequent testing of those drugs, for type and quantity, by
 10 the San Francisco Police crime lab. As has been widely reported in the local press, a former
 11 employee of the crime lab was discovered to have been illegally removing drugs from the lab,
 12 apparently for personal use. Significant questions have been raised about both the tests conducted
 13 by this particular employee *and* the integrity of the crime lab processes and procedures in general.
 14 The San Francisco Police Department and the District Attorney are conducting investigations, and
 15 numerous cases already have been dismissed by the District Attorney's office as a result of the
 16 issues raised by the former employee's conduct.

17 Defendant Cowden's counsel requires additional time to review and investigate the
 18 allegations related to the crime lab. At a minimum, the quantity of the drugs at issue is relevant to
 19 the pending sentencing, and other issues related to Ms. Cowden's plea, conviction, and criminal
 20 history may become evident.

21 Accordingly, Defendant Cowden respectfully requests that the Sentencing Hearing for
 22 Defendant Cowden be continued and that a status conference be set for May 11, 2010 at 2:00
 23 p.m., or another date convenient for the Court. The United States does not object to this request
 24 and stipulates to this continuance. The parties suggest that a status conference is more
 25 appropriate than setting a sentencing date because it is not clear at this time when the
 26 investigation of the crime lab will be completed and what further proceedings in this matter may
 27 be necessary.
